

# Nature Scavenger Hunt

Can you find all of these parts of nature?

What else did you find?

---

---

# Nature Activity Book

Draw yourself in the outdoors:

Name: \_\_\_\_\_

# Study Rocks

There are many different types of rocks!  
Find a few and talk about them below.

	Color	Texture	Draw it!
Rock #1			
Rock #2			
Rock #3			
Rock #4			
Rock #5			

# Collect A Sample

Take a piece of a plant that has fallen to the ground and save it on this page.

# Listen!

What sounds can you hear? Birds? Bugs?  
Listen closely!

- Bird songs
- Buzzing insects
- The wind
- Squirrels chattering
- Something far away
- Something close by

What else did you hear?

---

---

---

# Practice Your Balance

Find a rock or log to stand on – can you stay balanced? Draw yourself balancing!

# Adopt a Spot

Find a spot in nature that is special to you. Adopt that spot by placing a special rock or planting a native plant nearby.

Where is your special spot?

---

---

# Look Underneath!

Find a rock or log, then turn it over! See what you can make or discover in and on the ground.

Don't forget to turn the rock or log back over so the animals that live there can feel safe!

# Find a Rainbow

Can you find these colors in nature?  
Draw or write what you have found.

Red	
Orange	
Yellow	
Green	
Blue	
Purple	
Pink	

# Become a Scientist

Learn how to record your observations while  
comparing two different habitats.

Habitat A:	
I Smell	
I Hear	
I Touch/Feel	
I See	

Habitat B:	
I Smell	
I Hear	
I Touch/Feel	
I See	

# Rub a Tree

Put this paper up against tree bark and run a crayon or pencil over the paper to see what happens!

# Cloud Watching

Stop what you are doing and look up! What are the clouds doing? Do their shapes remind you of anything?
